HOTWTR-NEW

INSTANTANEOUS GAS WATER HEATER

PPWHR1103.50 **66666**

Standard	Value Rate!	Save!
5,728.00	4,864.00	864.00

"Endless" supply of hot water! Excellent for filling whirlpools and other high demand applications. NOTE: Tankless water heaters have different delivery characteristics than standard tank type water heaters. Ask your service tech for more details. NOTE: Requires 3/4" gas supply. Delivers up to 9 gallons per minute at 50 degree temperature rise.

REMOTE T-STAT FOR TM-1

PPWHR1150.25

Standard	Value Rate!	Save!
605.00	514.00	91.00

Use with tankless water heater for digital temperature control.

INDIRECT WATER HEATER 40 GAL.

PPWHR1204.00 **66666 C**

Standard	Value Rate!	Save!
3,372.00	2,864.00	508.00

Enjoy unlimited hot water and drastically reduce your water heating bill at the same time. Saves wear and tear on your boiler too! Installation includes pump, zone control and all necessary piping installation.

DIRECT VENT WATER HEATER - 40 GAL

PPWHR1242.25 **6 C**

Standard	Value Rate!	Save!
1,758.00	1,493.00	265.00

For average families, light laundry requirements. Direct Vent system allows installation up to 10" from interior wall to water heater jacket. Up to 48" from interior wall requires additional vent kit. See added values.

DIRECT VENT WATER HEATER - 50 GAL

PPWHR1252.25 **66 C**

Standard	Value Rate!	Save!
1,776.00	1,508.00	268.00

For large families, whirl-pool tubs, heavier laundry activity. Direct Vent system allows installation up to 10" from interior wall to water heater jacket. Up to 48" from interior wall requires additional vent kit. See added values.

HIGH RECOVERY 38GA NATURAL GAS

PPWHR1302.50 **666 C**

Standard	Value Rate!	Save!
1,455.00	1,236.00	219.00

Big performance in a small package! Fits in place of most 30 or 40 gallon water heaters yet delivers 80 gallons of hot water during 1st hour of use. Recovers faster than our standard 50 gallon model.

HIGH RECOVERY 48GA NATURAL GAS

PPWHR1352.50 **66666 C**

Standard	Value Rate!	Save!
1,455.00	1,236.00	219.00

Only slightly larger than our Standard 50 but produces over 40% more hot water per hour. Great for families with whirl-pool tubs, large laundry loads and busy teens. Requires 4" flue size.

HIGH RECOVERY 75GA NATURAL GAS

PPWHR1402.75 **66666 C**

Standard	Value Rate!	Save!
2,057.00	1,747.00	310.00

Fills large tubs with ease while efficiently delivering over 75 gallons per hour of hot water. Large families are no problem for this water heater. Requires 4" flue size.
